

## Exercise 6 – Responsive Web Design

Convert the previous exercise (exercise 5) so that it works with mobile equipment, that is, it is responsive.

### Header

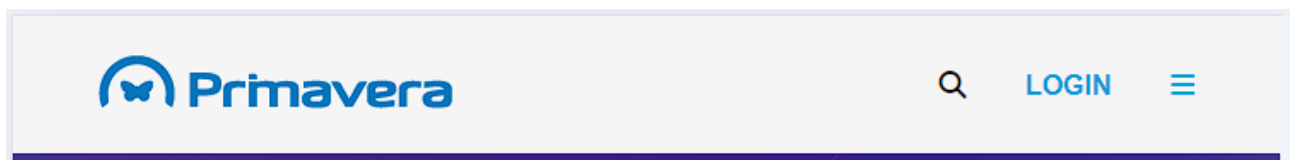

In the header below 1400px there should be a 50px space on the left and right sides:

Between 800px and 1100px the menu should disappear and a FontAwesome icon (`<i class="fa-solid fa-bars">`) should appear on the right side of the Login link with the same formatting as this link:

Below 800px, the form field should disappear:

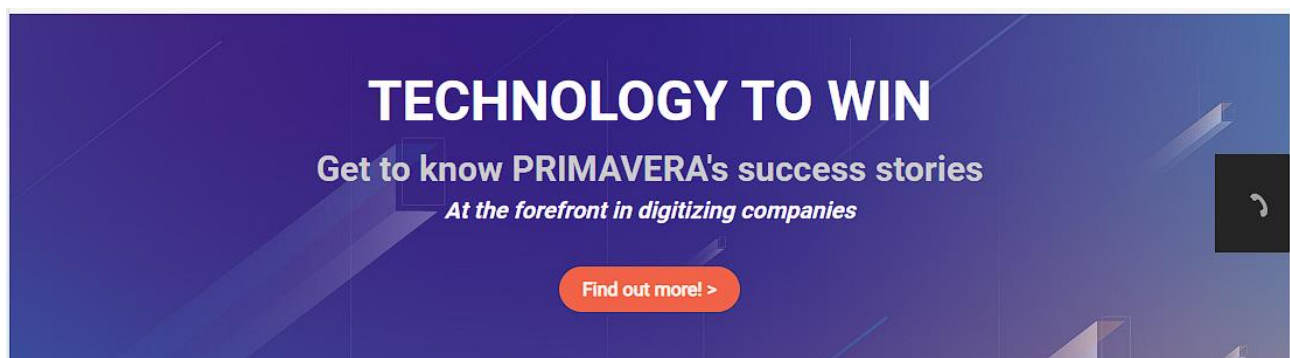

And on smartphones the magnifying glass icon and the Login link should also not be visible and the logo should be smaller (160px width):

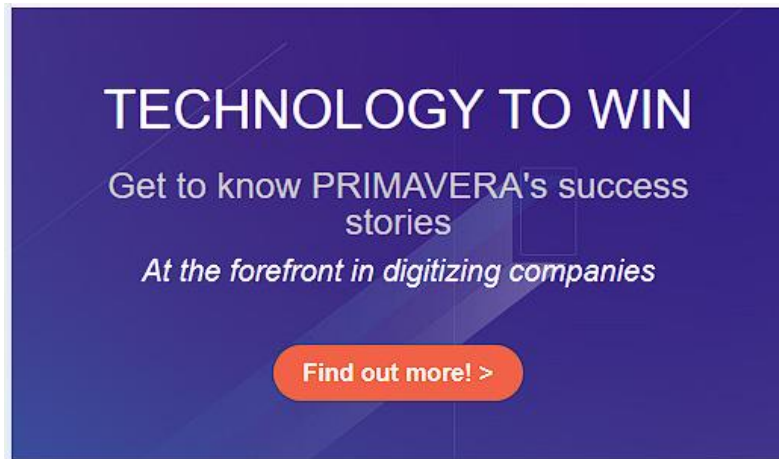

### Banner

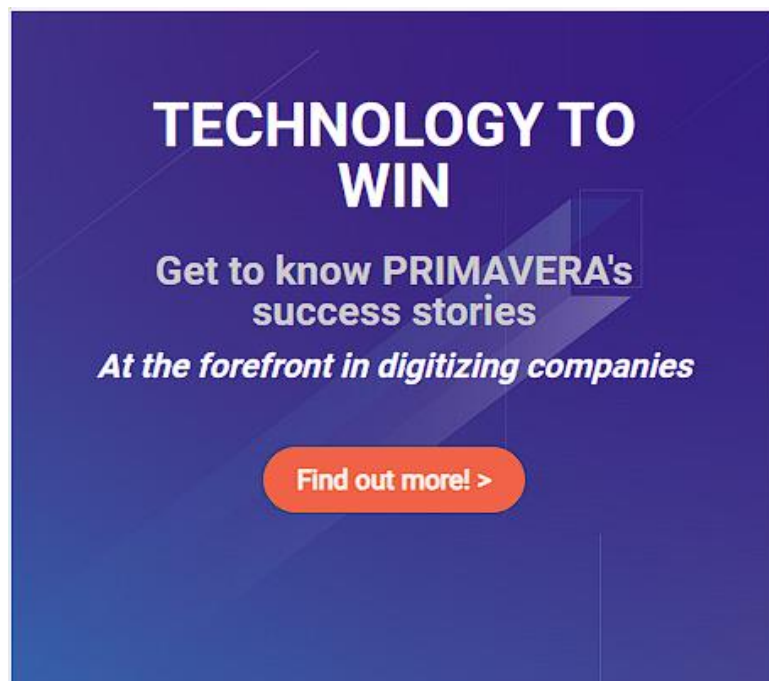

Below 1100px the computer image on the banner section should disappear and the height of the banner section should be 300px. The text should be centered.

Below 800px the size of the text should be smaller – the h1 should be 36px, and the h2 should be 24px.

Below 480px the height of the banner should be 400px:

## Mission

Below 1400px the mission section should also have a 50px space on the right side:

### Mission

#### PRIMAVERA integrates largest Iberian group of enterprise software

Oakley Capital acquires the entire share capital of PRIMAVERA BSS and creates a new business group to lead the digital era in the Iberian Peninsula.

PRIMAVERA reached an agreement with the British Oakley Capital for the sale of its entire share capital to this consolidated British investment fund. PRIMAVERA is the first Portuguese company to be part of a group of six companies acquired over the last two years by Oakley Capital, which already owns a number of Spanish companies, such as EKON, a renowned Spanish manufacturer of cloud management software for medium and large companies, Confronto, Dia, among others, with the strategic objective of leading the Iberian market for

And below 1000px the image should be on its own line and should be centered:

## Mission

### PRIMAVERA integrates largest Iberian group of enterprise software

Oakley Capital acquires the entire share capital of PRIMAVERA BSS and creates a new business group to lead the digital era in the Iberian Peninsula.

PRIMAVERA reached an agreement with the British Oakley Capital for the sale of its entire share capital to this consolidated British investment fund. PRIMAVERA is the first Portuguese company to be part of a group of six companies acquired over the last two years by Oakley Capital, which already owns a number of Spanish companies, such as EKON, a renowned Spanish manufacturer of cloud management software for medium and large companies, Contasimple, Diez, among others, with the strategic objective of leading the Iberian market for cloud business management software.

## Team

The images on the Team section should be getting smaller with smaller resolutions,

### Team

**Daniela Alves**  
Web Developer

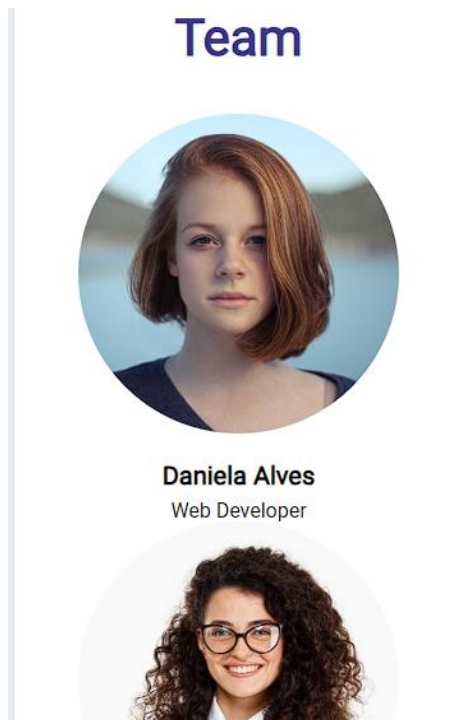

**Manuela Ribeiro**  
Front-end developer

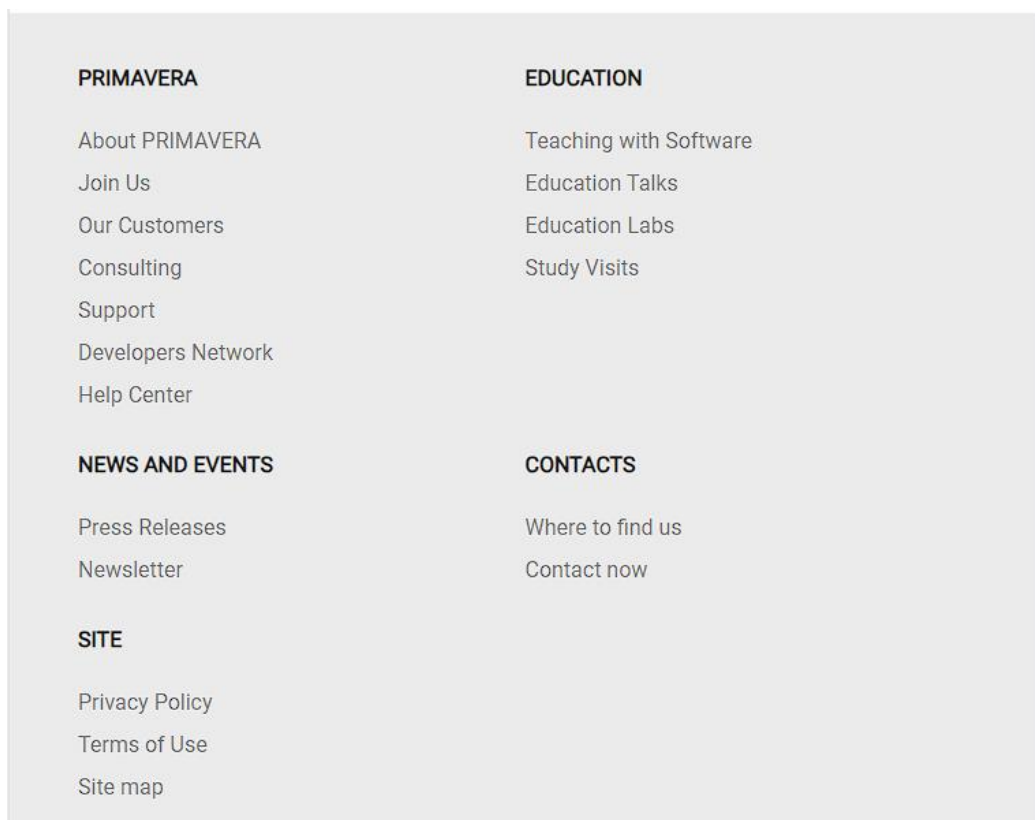

**Bruna Silva**  
Designer

And below 800px each image should be on their own line:

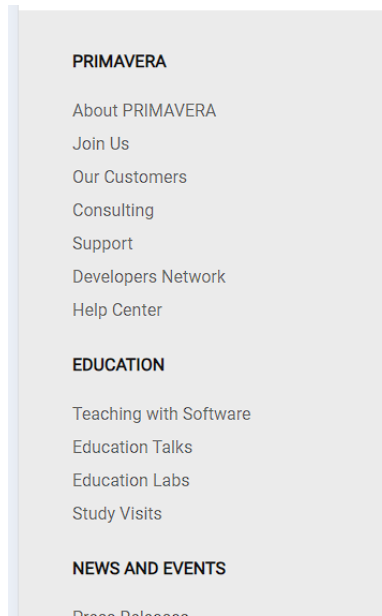

## Footer

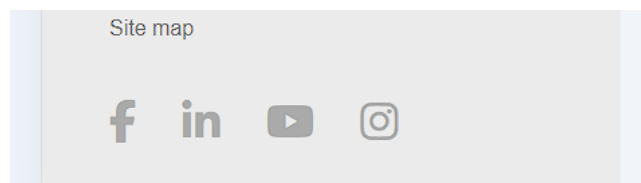

The footer between 480px and 1100px should use two columns:

And on smartphones (<480px) should appear in 1 column:

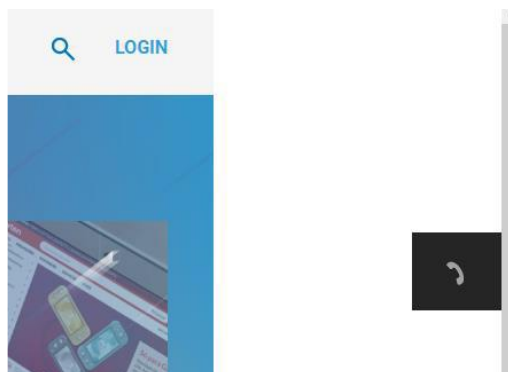

The social icons should have a left margin of 50px:

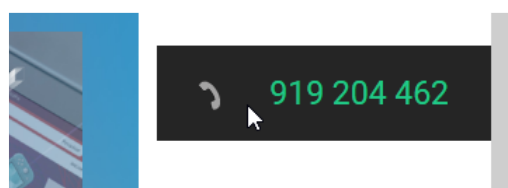

## Phone number

On the right side of the page there should be a square with a phone image (phone.png) and a #252525 background color.

This image stays on the same place when we scroll the page.

On mouse over, the phone number should be visible (color #0acb84).

This info/image should not appear on screens with resolutions smaller than 800px.

# Arrow Up

Always appearing on the bottom right side of the screen, there should be an arrow (arrow\_up.png). When the user clicks on the arrow he should jump to the top of the page.

This image should not appear on screens with resolutions smaller than 800px.
